

Micro Assignment

Savings

Create a program that calculates your savings over three years.

I will calculate your savings with added 5% interest over three years

How much do you deposit the first year? (DKK): 1000

One year past and you now have 1050 DKK

How much do you deposit the second year? (DKK): 1500

One year past and you now have 2677 DKK

How much do you deposit the third year? (DKK): 2000

One year past and you now have 4910 DKK
